Dear Lucia, -

I have meant to write to you
often and just now Gertrude
got that letter from you in which
you said that you thought we
might write to you, I made up
my mind I would write.

Louise Hurts is here making a
little visit. You know she lives
in Belvidere, but used to live in
Bridgeton when we did. The
other day when we went over to
Belvidere to Mr. Stearns' Bible lesson

we brought Louise back with us.
We are having a lovely time. Yesterday afternoon hunt Mary took us all over to ~~Peterboro~~ Washington. There is a photographer over there that is taking cabinet photographic for only \$1.00 a dozen. So we all had ours taken. There was such a large group of us that we had to pay \$2.00. At first we were going to have a tuxedo, but the man didn't want to take one of us. I tell you who there were. Hunt Mary, Miss Leavenworth, Louise, Evangeline Pertrick and Ellen and I. We had a perfect by lovely drive over to Washington and back. It was a lovely day and the ride was so pretty. Oh my, how we will miss these lovely drives when we go home.

I was so surprised to hear of the snow in Clifton. We haven't had any signs of any yet, but have had quite heavy frosts.

I supposed Mason Luis had gone back to Bristol, long ago. How lovely for him to stay so long. I think he might have wanted now till we go home, so that we could have seen him. I would like to ever so much.

I don't know what Quince told you mean that you broke. Do you mean that little blue and white coffee pot? Any way never mind about it. She sorry it is broken, but never mind about it. You needn't feel so badly.

We will try and remember every thing of yours to bring home.

don't know where your dolls brick
and comb can be. Evangeline
and Gertrude said they didn't
know any thing about it.

We will try to find it though.

Tell Siggardmype. I think he
wrote us a lovely little letter and
I think he must be learning a
great deal at school. I only wish
he was here so I could give lots
of kisses - Tell him Charlie and
"Pietie" don't give me any hardly,
and that makes me so homesick
for some of his.

How are you doing at school?
I hope you like it as much as ever.
Give love to all and keep ever so much for
yourself from
me

Dear Sir,

In
reply to your postal of
Sep 13th to my husband
I will say that it will
be three weeks before
he is home - If some
one else can attend to
the business you had
best select some other
person - He sailed for
Europe the 2nd of July
and expects to return
on the City of Rome
which is due Dec 6th

We have only three papers Anne Mues
Credoman &
James -

I received also today a note to Mr McKnight from Mr Hinsdale asking him to make arrangements for the meeting here in connection with Dr Woodbury. If you think it necessary that the arrangements should be made before his return please let me know so that I can send Mr Hinsdale's letter to the officers of the Church & they can make the arrangements -

As said you were desirous of having copies of the paper which published notices of the N. S. M. last summer - I went

to the three offices and they promised to look but I think it doubtful about getting them for I could not give the date - I could only say that I thought it was in June - I saw the notice in the paper we take - If I can get them will send to you -

As to the contribution which he speaks of from our church I will speak to some of the officers of the Church about it -

Very Respectfully
S. McKnight
