Dear Brother Belden,

Can you  
tell me just what is the  
status of the Endowment  
subscription, within your Pres-  
bytery? I want to make  
a complete statement for  
our German Presbyterian  
Paper - to incite the Germans  
in their endowment plan.

The Cope May Church  
promised a collection for  
the purpose during the  
Summer months. I hope  
you will remind them.

If you know of any church, where I could be of real advantage during the next six weeks, I will hold myself in readiness on any disengaged Sunday. I am pretty well fogged out with a long succession of important engagements, & I do not wish to go, unless I can accomplish something.

But I will not stand a great or small, in order to complete the Synod's plan.

I consider the second \$10000 quite certain. If we complete the first 10000

Send me your statement as early as your convenience will admit. Sincerely yours  
Chas. G. Burd
