

BOARD OF FOREIGN MISSIONS
OF THE
PRESBYTERIAN CHURCH,
23 CENTRE STREET.

New York,.....June 1st.....188

Dear Brother Belden;--

Mr. Garrison has just ascertained that he can secure a cyclostyle, such as you wish, for \$16.00 with 5% off. He has just ordered one sent to the Mission House, and will have it shipped to you at once with bill.

In answer to your request for a corrected list of our missionaries' addresses, I send you an advanced copy of our Annual Report, such as was submitted to the Assembly. Some corrections must be made, but none to effect the addresses of the missionaries.

Dr. Ellinwood and I have talked over the matter of this Board paying for circulars. We think that if you will send an exact statement of the amount required, that the Board will allow it; but, of course, we must be able to make an accurate statement in submitting the matter for action. If you think the rate high in Bridgeton, I could ascertain what the work could be done for here, but if you do not wish a large edition, it may scarcely be necessary to take the extra trouble.

The letter from Mr. Crawford, which I herewith enclose looks in the right direction. The more of God's people who can be interested in the subject, the better.

Yours sincerely,

Wm. Gillespie,
