Dear Bro Belden

I have delayed
writing to thank you
for your great kindness
in the gift of Prof Fisher
Church history until
I could see about

Wilson's Egypt I have
seen Mr Fisk and he
says he will furnish
the whole or any con-
siderable part of the
set of Views Colored

for \$1.32 each the
regular price being
1.50 each View is
mounted in wood
the same as the
girl at the window
and this difference with
the view holder

The list you will
find on page 104 of
McClister's Catalogue
which are the same
except they are not
colored and are not
mounted in wood
any part of these 50
pictures he will
furnish as always
I forgot when

I saw you to ask to
be remembered to Mrs
Lukens when you write
or see her I shall not
soon forget her generous
hospitality. Now about
the book when Bro
Meagie handed it over
I thought it was the
other book of which
you spoke and as I
went it town with it
under my arm I saw
I do not see how I
can spare the money
just now but still I
am bound to have
Fisher now so I

Went into Scribners thank-
ing as they were the publishers
perhaps I could get it cheap-
er than at Randolph to
my surprise they asked me
2.80 net. instead of 2.65
so I said no and went
home thinking to get it
next term I came down
judge of my surprise when
undoing it at home to find
your kindness had supplied
the desired book and I
had it in my possession
all the term Very many thanks
for your kindness I shall
hope to reciprocate some
time Remember me
Kindly to all at home
Faithfully Yrs.
